

HARRISBURG HOUSING AUTHORITY

UPDATED SHUT DOWN NOTICE & Frequently Asked Questions and Answers

Consistent with Governor's Wolf's "stay at home" order, the Harrisburg Housing Authority (HHA) will remain shut down at least through **June 5, 2020**. We understand that this will cause a significant amount of disruption to the services that our residents, participants and partners have come to expect from us. During the shut down, we will continue to monitor our social media outlets, website, emails, message boards and letters sent to our attention. However, for a more immediate response (especially in the event of an emergency), we have included new Department specific email addresses below.

We realize that there are many questions that people have. Below are answers to a number of commonly asked questions. As always, we strongly encourage everyone to continue being vigilant about their safety, including but not limited to **practicing social distancing, wearing a mask in public, washing your hands, staying home as much as possible, limiting your in-person contact with others, and sequestering yourself if you feel sick or have flu-like symptoms.**

QUESTIONS FOR PUBLIC HOUSING RESIDENTS

1. How can I pay my rent if the office is closed?

A: Each office has an outdoor drop box or has installed a mail slot (Hall Manor and William Howard Day apartments) in the front door for rent payments and other important documents that need to be dropped off.

2. I lost my job due to Coronavirus and can't pay my rent, what should I do?

A: Changes in income should be reported as soon as possible. This can be done via mail, dropping off a letter at your communities drop box and calling or emailing your community office at the number or email listed below. Once your change is reported, an office staffer will contact you with information regarding the current procedures.

HHA will be granting hardship exemptions consistent with applicable regulations and HHA policies, and will not be adding

fees nor penalties for late or non-payments for the 120 day moratorium put in place by the CARES Act. Please note, this **DOES NOT** mean that rent is not due or waived. It is encouraged to pay your rent on time and report all income changes as soon as possible.

3. I missed my annual recertification because the office was closed on the date of my appointment, what should I do?

A: All Annual Recertifications that were scheduled will be re-scheduled when HHA's offices re-open.

4. How should I report a work order?

A: All non-emergency work orders are not being taken at this time. Only Emergency work orders are being completed at this time. If you have an emergency work order, please call your community's emergency work order number found in the chart below. If you are unsure if your issue is an emergency please call your community office or email the Public Housing email address and someone will return your message.

5. Due to Governor Wolf's "stay at home" order is HHA suspending its Smoke Free Policy?

A: HUD has issued a notice stating that it is NOT considering flexibilities to this regulation as a part of the COVID-19 response. So the policy remains in effect.

6. If I am experiencing distress is there a place that I can call?

A: The Disaster Distress Helpline, 1-800-985-5990, is a 24/7, 365-day-a-year, national hotline dedicated to providing immediate crisis counseling for people who are experiencing emotional distress related to any natural or human-caused disaster.

7. Can I request a temporary relocation during the shut down?

A: Residents may experience significant stress as a result of concerns over the transmission of COVID-19. Any temporary relocation request will be reviewed on a case-by-case basis. HHA will request additional information from the resident to verify the need for relocation. HHA is not required to grant these requests in advance of a specific health department directive. Healthcare professionals/officials often recommend that residents self-isolate within their current home, if they believe that they may have COVID-19. HHA may allow current residents to vacate units for temporary

relocation if separation is recommended by the health department or a medical health professional.

8. I live in one of the senior-only communities, can I still have any visitors visit me at my apartment?

A: No; During this period of shutdown, HHA has restricted visitors in our senior-only buildings to healthcare providers and only 2 necessary adult family members per household. The resident is required to provide the names of the healthcare providers and the 2 necessary adult family members. If a person visits a resident and is not on the list they will not be able to come into the building. This restriction is in line with Governor Wolf's "stay-at-home" order for people that live in Harrisburg, Dauphin County, PA.

QUESTIONS FOR SECTION 8 RESIDENTS/LANDLORDS

1. For new applicants and current residents who need to move into new residences, can we enter into a HAP contract for the new unit without having inspected the unit?

A: Uniform Physical Condition Standards for Vouchers (UPCS-V) and/or Housing Quality Standards (HQS) Inspections aims to enhance the accuracy, consistency, and objectivity of the inspection process, and provide more information about the condition of individual housing units. However, during the nation's battle against COVID-19, HHA is permitting owners and participants, on a temporary basis, to "self-certify" that the unit meets the minimum requirements of safe and sanitary standards.

HHA will be accepting alternative inspections for periodic inspections and accepting alternative methods for validating the correction of a deficiency (for example a photo or owner self-certification)

HHA will also be adopting the HOTMA Alternative Inspection provision allowing families to move in before an HQS inspection has been completed, as long as it has passed an acceptable alternative inspection. (Acceptable Alternatives will be determined on a case by case basis).

Furthermore, HHA will adopt the HOTMA Non-Life Threatening provision to allow families to move into units before a unit has passed HQS, if the initial deficiency was non-life threatening.

A self-certification form has been developed for these purposes and will be provided to landlords and tenants before accepting these alternatives.

2. What do I do if my income has changed due to being laid off in connection to the COVID-19 business shut downs?

A: All changes of income should be reported to the Section 8 office either by email or by first-class mail. Our offices will be processing the change requests as soon as possible with our limited workforce. It is encouraged that all participants continue to pay rent at an amount that they can afford, and then adjustments will be made as expeditiously as possible.

3. My landlord is not renewing my lease and I am facing eviction, is this permissible in light of the CARES Act?

A: Under the regular tenant-based voucher program, there is no requirement for a Landlord to renew the lease. Eviction after nonrenewal of a lease is a state and local law matter. The CARES Act includes a temporary moratorium (120 days) only on evictions for nonpayment of rent, as well as fees and penalties related to nonpayment of rent. We expect that HUD will issue additional guidance.

In addition, some states and localities may provide additional protections to tenants with respect to lease renewals. An owner's ability not to renew the lease under the tenant-based voucher program does not override additional protections provided to tenants under federal, state and local law.

HHA encourages tenants faced with Landlord issues to seek guidance from a private attorney or to contact MidPenn Legal at:

A: Yes

6. I have a voucher that expired during COVID-19, can I request an extension?

7. Is HHA conducting any initial inspections?

A: Due to COVID-19 response protocols put in place by Governor Wolf, our offices are doing self-certifications for the initial inspections. A form has been created for Landlords and Tenants to self-certify.
